DETAILED ACTION

This Office Action is in response to the Applicant's application filed March 1, 2004.

Allowable Subject Matter

Claims 1-12 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art fails to teach a radiological image pickup apparatus, among other features, comprising an electric signal processing circuit for performing signal processing of the taken-out electric signal in response to a gain setup value and also enabling an increase or a decrease in the gain setup value; a light strength control section for controlling a light application section so as to increase or decrease the strength of applied light in response to a decrease or an increase in the gain setup value of said electric signal processing circuit.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sato et al. (2004/0079891), Shoji (6,539,076), Spivey et al (5,886,353).
